

Apprentices/Trainees of the Month

East Kimberley

Aaron Dryden
Certificate III
Carpentry and Joinery

Host Employer
Rapley Wilkinson

Aaron Dryden has been selected as the Apprentice of the Month due to his focus on achieving small goals. This month Aaron has not missed a day of work and has also passed his driving test. The achievement of obtaining his license will enable Aaron to become more employable as a tradesman. He will now be able to have great opportunities outside the local area. Aaron is a very determined young guy just out of school in his first year of a Carpentry and Joinery Apprenticeship with Rapley Wilkinson.

Well done Aaron!!!

West Kimberley

Sean Gregory
Certificate III
Carpentry and Joinery

Host Employer
Norbuilt Pty Ltd

Sean Gregory was successfully nominated as the Broome Apprentice of the month. His host Employer, Norbuilt Pty Ltd has worked closely with Sean to improve his performance and attendance in the workplace. Sean has worked hard to improve his attitude. We would like to congratulate Sean and Norbuilt for his progress to date and wish him all the best in the future.

Well Done Sean... Keep up the good work!!!

Where are you now... Jaygan Saunders

NAME: Jaygan Saunders
QUALIFICATION: Certificate II in Aviation & Ground Operations
HOST EMPLOYER: Northern Airport Services
YEAR COMPLETED: 2010

Kimberley Careers Club caught up with Jaygan from Northern Airport Services (NAS) to talk about his career journey in the Aviation industry.

Originally from Brisbane, Jaygan moved to Kununurra in 2007; he had no idea what he wanted to do when he saw an advertisement for a traineeship at the airport. Intrigued by the aviation industry, he embarked on the adventure and today he is the Supervisor at NAS supporting the same journey for 5 other trainees.

When asked how doing a traineeship helped him into the workforce, Jaygan was quick to say the whole concept of training in a real work environment was beneficial to him and has paved a positive career path for his future. The on the job learning meant he could apply the theory he was completing straight away as well as having the units of competency outlined to enable Jaygan to see progression through his course.

Completing a traineeship at NAS had its challenges; getting into the routine of split shifts required Jaygan to make some adjustments in his lifestyle. Also in the beginning he found a lot of repetition in his work tasks, however looking back now he realizes it's a fact of life having a set order of operations in just about every work role. It was the amazing team he worked with and the support of his supervisor Frank that kept him motivated and eager to persevere through to completion.

Jaygan Saunders
Supervisor, Northern Airport Services

Jaygan is proud of his achievement and is now guiding others around him to achieve the same. He thoroughly enjoys working in the Aviation industry, he has learnt a lot about himself and can see how completing a traineeship has prepared him to deal with the adverse situations that do arise in the workplace; such as strategies for handling people frustrated by flight delays or even security scares that can and do occur in the airport.

Jaygan has risen to the challenge of a traineeship and is now setting his sights on further training in leadership and business management. Frank his Manager has been most supportive of Jaygan's endeavors.

Kate Millen
KGT Training Coordinator
